Subject: FW: Meeting Minutes for the November 26, 2012 3:00 pm IAP Meeting

Good evening,

Below are the meeting minutes for the November 26, 2012 IAP meeting.

Assumption Parish:

- Continues to perform actions listed on the Assumption Parish IAP.
- A total of 6 monitors placed in affected areas of the community measuring CO, H2S, LEL, and O2
- **Next Public Meeting is tentatively scheduled for mid December.**

Texas Brine:

- Remediation continues at the sinkhole. No changes to the sinkhole today November 26, 2012.
- **Texas brine will start the installation of the geoprobes off Hwy 70 & Gumbo Street tomorrow November 27, 2012.**
- **Texas brine pulled H2O off the casing of RW1 today @ 1:15pm. Continuing to flare today. 47 mcf @ 2.1 psi**
- **Oil was removed from Oxy 3A well this morning. It has been shut in for the last 7 days.**

9544423

- RW2 is still shut in because of H2S in the gas stream.

DEQ:

- Continues to perform the community and boat air monitoring runs. No significant readings detected today November 26, 2012
- No indoor monitoring events performed today (11/26). Next in-home monitoring is scheduled for tomorrow November 27, 2012.
- MAML has been redeployed to Baton Rouge for maintenance and is no longer onsite at Bayou Corne.

DNR and Shaw:

- Shaw continues to monitor observation/vent wells #1, #3, and #4 which are currently shut in.
- ORW #2 flared today at a rate of 25 mcf. All of the other relief wells remain shut in.
- Scheduled to remove water off of ORW #1, #2, and #4 tomorrow November 27, 2012

Other State Agencies:

- No changes in their operations concerning the Bayou Corne NG Seep Incident.

End of Report
